President's Message

Congratulations! To Jason Madsen for winning the Project of the Year! It will be on display at the Annual Show in a case with the plaque and his work. There were many beautiful and interesting entries this year and everyone should be proud of their work.

The Club ended the year on a good note with a great two-day workshop in December. We had good attendance, a lot of good food, and many interesting projects. I'm looking forward to a lot of successful rock hounding trips in the new year and hope you are also. We have had a lot of new members join this year and expect many more from the Annual Show. So we should have a good year ahead.

Remember the Banquet on January 19th which will be our annual meeting and we will install the new officers and board of directors for 2010. The tickets say the banquet will be in the "Main Ballroom" but that is incorrect. It will be in the "Gallery Hall" where it has always been.

The Show Committee Chairman will have signup sheets at the Banquet so be sure and sign up to work. And the bag stuffing party is on Saturday, the 16th, starting at 9 a.m. at the Church.

I want to thank everyone for their help these last few months. Best wishes to the new president and board members.

Marge Conley
President

**MINUTES OF THE IDAHO GEM CLUB

ROCK'N FUNNIES

Yesteryear April 1958

The next field trip was to the Huntington area where road work was being done. It was a nice day and 13 cars of rockhounds took the trip.

The Gem Club set up a display for Music Week. A field trip was held Saturday and Sunday to the Whangdoodle Mine.. Memorial Day trip was planned for the Morrisonite claims.

A request was received from the Elks Convalescent Home asking for instructors for patients in Gem finishing.

In July 75 persons enjoyed a picnic supper at the Municipal Park. John Beckwith offered to lead a gold panning trip to Idaho City.

Twenty-five dollars was allowed for a member to take the cases to the Pasco show.

The Campus school renewed the contract for use of the club for \$30.00 a year. The club started looking for a meeting hall that could be bought.

It was announced the club now has two coffee makers.

The committee had been looking for a place for the January Dinner. The Second Presbyterian Church offered a chicken dinner for \$2.00 each.

The November field trip was to a new area between Sucker Creek and State line where opalized wood had been found. Members were advised to bring heavy points and sledges to work with.

Grab Bag Work Party

Hopefully your tumblers are still turning or you already have some tumbled stones ready to be put into bags. We will be filling the grab bags on January 16th 2010 at 9:00 a.m. at the church in the gymnasium. This is where the club meetings are held. So we need as many tumbled rocks as possible. The more people who show up to help with the stuffing the faster the process goes. There will also be postcards to put stamps on as well.

Doug Renken

Electronic Grindings

Thanks to those who signed up for the electronic Grindings. Not only does this save the club money it helps save me time putting on labels and postage. Currently it costs around \$1.70 per issue or \$20.40 per year to print and mail each newsletter.

If you would like to receive the Grindings newsletter through e-mail let me know. Please send an e-mail to WLR_DKR@msn.com and I will add you to our e-mail list. The Grindings will be sent in PDF format.

Sunshine Lady

Arlene Bailey is the club sunshine lady. Her job is to send some cheer to members who are ill or just need some cheering up. But she needs your help in doing this job. If you know of someone who has been recently ill let her know so she can send them a card. Her phone number is 562-8030. Thank you in advance for your help.

Sunshine Report

Flowers and our condolence were sent to the funeral of Life member Elaine Weeks.

Question

Can you ask a question in the Grindings for me? I have been trying to find out who the lady is that brought the Zucchini Coffee Cake to the summer get together this year. It was the best I have ever had and would like to get the recipe from her if at all possible.

You may give my email address and have her put on subject line: Coffee Cake

The Earth Sciences and Lapidary special interest license plate went on sale January 1, 2010.

A \$35 special program fee is charged when the new plate is first purchased; each subsequent renewal will have a \$25 special program fee. These program fees are in addition to all other applicable annual registration fees. All but \$13 of the proceeds from these plates will be transferred by the state treasurer for deposit to the Idaho Gem Club, an Idaho nonprofit organization. The proceeds shall be used to provide classes for

kindergarten through grade 6 to promote understanding about earth sciences and lapidary.

This new plate may be displayed on passenger vehicles, light trucks with a gross vehicle weight of up to 26,000 pounds, motor homes, and camper trailers.

These special plates can also be personalized with up to five letters and/ or numbers. The cost to personalize these plates is \$25 in addition to both the special program fees and all other required annual registration and plate fees. The renewal fee for a personalized plate is an additional \$15 per year.

Individuals can also purchase sample versions of the Earth Sciences and Lapidary plate from the transportation department for \$30 of which \$17 shall be transferred to the Idaho Gem Club. Sample plates can be personalized at no additional cost; these plates cannot be displayed on motor vehicles, but they do make unique gifts for friends and family.

Personalized and sample plates are only available directly from the Idaho Transportation Department's Boise office by either mail, fax, or by using the department's online services which are available at www.itd.idaho.gov/dmv. Application forms for ordering personalized or sample plates can be found at your local county motor vehicle office or online at www.itd.idaho.gov/dmv. Purchasing of the standard sequentially numbered Earth Science and Lapidary plates can only occur at county assessor's motor vehicle offices.

Project of the Year

Congratulations to Jason Madsen for winning project of the year. Jason made a very beautiful wood vase with cabachons mounted in it. His project will be on display at the Gem show in February.

Thank you to the other participants all project were deserving to win. Your efforts and participation are greatly appreciated

In Remembrance of Elaine Weeks

Once again we have to bid a fond farewell to one of our life members, Elaine Weeks who entered into rest on December 29, 2009. If you ever had the pleasure of her company you were in for a real treat. Her enthusiasm for our hobby was abundant and her generosity astounding.

She was born in an era most of us only get to know through stories and books, Elaine lived it with gusto. She was raised on the McPherson ranch out of Eagle and as those of you who have experienced that life know it is filled with much hard work but it also carries a great reward. It was a life that taught her about family, responsibility, and sharing her love with her siblings and others. She attended grade school at Pleasant Valley and went on to High School in Eagle where she met her high school sweetheart Dick Weeks. They were married in October of 1938 and it was to last for almost 65 years.

In 1955 Elaine and her husband started "AA Plumbing and Heating" she worked just as hard as everyone else and there wasn't an area of the business that she couldn't do, from the books to threading pipe when needed. As retirement came upon them Dick began building their home which overlooked Eagle Island with a wonderful view of the Willow creek canyons where she grew up. I still remember her pointing this out and telling of riding the fence lines checking for breaks making sure the cows stayed where they belonged and how she had carried a rifle just in case. I wasn't sure what the in case was but there was no doubt in my mind she knew how to use it. They lived in this beautiful home until after Dick passed when she decided to move closer to Meridian. Her life was rich with experience which she loved to share as this was far more important to her than monetary things. Her love for her family was always her greatest joy and she spent many happy hours with them cooking, camping, rock hounding, and sharing her favorite memories of her earlier life.

Elaine's love for her rocks was very apparent and she could facet a stone or turn a sphere just as easily as making a table top or bolo tie. She talked Dick into taking her all over the Treasure Valley hunting for rocks to bring back and turn into works of art. When she was preparing to move I can still see her standing on that mound of rocks telling me "her boys were going to move them with her" followed by such a sweet chuckle. What a job that must have been!!

We will truly miss our friend and her sweet laughter. May she have found the biggest pile of rocks up there, as I know she is busy teaching the angels how to cut them!

In Loving Memory
Willa Renken

SAVE STAMPS

Just a note to remind people to save their postage stamps to donate to the Federation. The stamps are sold and the proceeds are donated to cancer research. Cut at least 1/4 inch margin around the stamps. You can turn them into Chuck McCreath at our next meeting. THANK YOU!

"CODE OF ETHICS"

I will respect both private and public property and will do no collecting on privately owned land without permission from the owner.

I will keep informed on all laws, regulations or rules governing collecting on public lands and will observe them.

I will, to the best of my ability, ascertain the boundary lines of property on which I plan to collect.

I will use no firearms or blasting material in collecting areas.

I will cause no willful damage to property of any kind such as fences, signs, buildings, etc.

I will leave all gates as found.

I will build fires only in designated or safe places and will be certain they are completely extinguished before leaving the area.

I will discard no burning material - matches, cigarettes, etc.

I will fill all excavation holes which may be dangerous to livestock.

I will not contaminate wells, creeks, or other water supplies.

I will cause no willful damage to collecting material and will take home only what I can reasonably use.

I will practice conservation and undertake to utilize fully and well the materials I have collected and will recycle my surplus for the pleasure and benefit of others.

I will support the rockhound project H.E.L.P (Help Eliminate Litter Please) and will leave all collecting areas devoid of litter, regardless of how found.

I will cooperate with field trip leaders and those in designated authority in all collecting areas.

I will report to my club or federation officer, Bureau of Land Management or other authorities, any deposit of petrified wood or other materials on public lands which should be protected for the enjoyment of future generations for public educational and scientific purposes.

I will appreciate and protect our heritage of natural resources.

I will observe the "Golden Rule", I will use Good Outdoor Manners and will at all times conduct myself in a manner which will add to the stature and Public Image of Rockhounds everywhere.
